dream together • believe together • achieve together

The Great Lickey Hills Science Festival 2018

Dear Parents/Carers,

To celebrate British Science Week this year, we will be holding The Great Lickey Hills Science Festival on **Friday 16th March**. We will have an entire day devoted to science and engineering on the theme of **space**. We'll be asking "*where in the universe would you like to go?*" as we hold an exciting day of investigations and experiments as well as exploring our very own model of the solar system.

On the day, the children will wear **school uniforms** as usual but we would love all children to take our school out of this world by adding **alien-related accessories**, for example antennae, pointed ears or perhaps a 'final front ear' - we welcome all intelligent lifeforms! It would also be helpful if your child brought in a pair of **wellington boots** in case they venture out onto the school field.

We look forward to celebrating this exciting day and inspiring all our young scientists here at Lickey Hills Primary. Meanwhile, I'd also like to draw your attention to two other local events which may be of interest below.

Best regards
Dr Fishwick

Science Night 2018 - Fragile Earth Thursday 15th March, The Hive, Worcester

The Hive's free family **Science Night** is back and this time they're looking at all things "Fragile Earth". From volcanoes to bees, geology to mammoths there is lots to discover with lots of fun interactive exhibits and free talks too. Book your free tickets at

www.thehiveworcester.org/events

There is also a hands-on, fun Saving the Earth workshop. Aimed at 6-12 year olds, tickets cost £3.95 and are available from the website above.

The Big Bang UK Young Scientists & Engineers Fair

Saturday 17th March, Birmingham NEC

The Big Bang Fair, the UK's largest celebration of science, technology and maths for young people, is returning to Birmingham. From 3D printing, virtual reality and the quantum mechanics of chocolate to slime, crime scenes and robot battles, there's inspiration around every corner. Featuring hundreds of hands-on activities and fast-paced stage shows, tickets are free and can be booked through www.thebigbangfair.co.uk
