Science Camp 2019

Dear Year 4 Parents/Carers,

We have a very exciting opportunity for our Year 4 pupils coming up in March. We have organised a special science camp sleepover on Friday 22nd March 2019 to link with our whole school Science Festival. The theme for this year's Festival is 'Sense-ational Science' and we've planned an evening exploring some amazing animals with super senses.

We have 30 spaces for Year 4 pupils to take part in this event. During the evening the children will take part in a variety of activities and games all focused on 'Nature@Night' including, weather permitting, going on a night walk in search of bats and moths. There will be at least 5 members of staff sleeping over with the children, Miss Salisbury, Mrs Williams, Dr Fishwick, Mr Brewer as well as Miss Lynch as our designated first aider.

6:00 pm – children arrive and begin the activities

8.45 pm – set up the tents in the hall, get into pj's (2 pupils per pop up tent, girls and boys in separate areas)

9:00 pm – settle down for a science movie with toast and hot chocolate

10.30 pm – lights out and time to get some sleep!

7.30 am – wake up and get dressed/pack tents away

8.00 am – breakfast and final activity

9.00 am – parent collection time.

If we get more than 30 children from year 4 who wish to take part then we will select names at random from a hat. There will be a cost of £2 for this event to cover snacks and breakfast; this will be payable after confirmation of a place.

Please fill out and return the initial interest slip below if your child is interested in the chance of joining the 'Nature@Night' science camp. This slip needs to be returned to school by Wednesday 6th March. We will make the random selection on Friday 8th March and that afternoon we will write to Parents to let you know if your child has been selected and send home consent forms and further details such as packing lists and FAQ for parents.

Kind regards,

Dr Fishwick
Science Lead
